

## International Tap Dance Center Hygiene Rules 2022

### 2G+ Rule:

- Pre-registration for classes is required.
- Admission to TapBeat is limited to individuals who are fully vaccinated or considered recovered and also present a current negative Corona test.
- Boosted individuals and the recently recovered are not required to provide an additional test. Fully vaccinated individuals are also exempt from testing if they were last vaccinated less than three months ago.
- TapBeat recommends that boosted and recently recovered individuals self-test once a week to ensure the continued safety of all participants in dance classes.
- **FPP2 masks required (upon entry, in dressing rooms and restroom areas).**

No cloth or thin medical masks. Masks may only be removed while dancing, as enough distance is allowed in the dance room. Exception: children 7 years and older and teens must wear masks while dancing.

- Accompanying persons must stay/wait outside.
- Children and teenagers up to 18 years: please click [here](#).

TapBeat uses the IQAir air purifier: reduces aerosols and viruses in the room air (also Covid-19). Tested and certified: [Features + Description](#). A safe distance from other dancers of at least 1.5m is provided. The teacher is vaccinated, partially boosted and gets tested regularly.

**PLEASE act responsibly and let us know ahead of time if you test positive. This is about the safety of everyone who comes to TapBeat and more....**

---

### Detailed information:

1. **pre-registration** for classes is mandatory for all students with or without a contract!
2. one can sign up in advance for several weeks via email or WhatsApp.
3. **participants with symptoms of illness or contacts with people infected with Corona must stay home!**
4. escorts - parents, family members or friends - are not allowed to enter the studio.
5. please **disinfect your hands** when entering the dance school. Appropriate disinfectant dispensers are available at the entrances.
6. there will be ventilation breaks of 10 minutes after 30 minutes of classes. A professional air purifier is on throughout.
7. water bottles brought to class should be taken back at the end of class.

## International Tap Dance Center Hygiene Rules 2022

8. food is not allowed in the entire studio.
9. the bar area is exclusive to TapBeat staff and is otherwise off limits.
10. drinking from the tap and filling water bottles in the restroom area is not permitted.
11. washing facilities are not available after class.
12. after the lesson the participants have to leave the studio quickly.
  
13. the applicable distance requirement and the applicable contact restriction are ensured by the following measures:
  - a) **Minimum distance of 1.5 m must be maintained.** Exception: persons from the same household.
  - b) Access to sanitary areas may only be used **individually** and with FFP2 mask.
  
14. personal individual measures:
  - a. Persons with identifiable symptoms of respiratory infection shall be denied access.
  - b. TapBeat is required to record the contact information (name, address, and phone number) of all visitors, the time they entered, and the time they left the dance school to allow for infection tracking. The contact data must be kept for 1 month starting from the date of the visit and subsequently destroyed in compliance with the DSGVO. The data must not be used for any other purpose.
  
15. test as extra security:

In order to increase the safety of all, it is recommended that all participants our dance classes despite vaccination, from time to time get tested. The teacher already follows this instruction.
  
16. **in general:**

Persons who are not willing to follow these rules are to be denied entry as part of the house rules.

**Thank you.**
